Product Conveyance

Move product safely and efficiently

Whether you need a 600 lb. capacity dump buggy, a curved sanitary conveyor or an overhead trolley system, we can help you maneuver product through your facility with both efficiency and safety in mind.

Conveyors

We specialize in direct food contact conveyors in a variety of styles and configurations. Our custom-built stainless steel conveyors are available in a variety of configurations. Non-sanitary industrial and packaging conveyors are also available.

- Straight, curved, incline, dewatering and dip
- Choose from belts, augers, ropes and roller styles
- Can be made CIPable for easy, effective cleaning
- Meet or exceed USDA sanitary standards

Incline Conveyor

We specialize in direct-food-contact conveyors and dumpers.

Dumpers

As a custom manufacturer, we can design and build a variety of direct food contact column lift dumpers fabricated to meet your specific needs. We'll work with you to determine optimal dump height for your application.

- Hydraulic or chain driven operation
- Fixed or removable dump buggies
- Variable load sizes up to 700 lbs.
- Stationary or with casters
- Control panels available (can include start/stop buttons, emergency stop, VFD and disconnect)
- Non-sanitary industrial dumpers and biopharm quality units also available

Column Lift Dumper

We are a leading manufacturer of custom stainless steel processing equipment and a preferred provider of quality products and services to the dairy, food, beverage and other sanitary industries.

Buggies

We offer stainless steel buggies (or dump buckets) that are 14 gauge stainless steel and available in 400 and 600 lb. sizes. We also offer Clean-Tech buggy models with removable bases and can custom design buggies to your specs.

- Totally welded solid top rim
- Bill and spout crease for pouring
- Drip lip
- Push handle for easier maneuvering
- Fins for securing buggy in place when dumping
- Four wheels with 16" wheel axle
- Optional stainless steel or plastic lids

Buggies

Carts

Custom-built stainless steel carts for a variety of unique applications. We put the same focus on quality and craftsmanship into our smaller components as we do in our large custom processing equipment. Whether you need to move equipment through your facility or transport items to a wash area, we'll work with you to design a cart that meets your specific needs.

- Pump carts
- Cheese block and barrel carts
- Extruder head carts
- And more
- Variety of finishes available

Pump Cart

Jib Cranes

Our pivoting cantilever jib crane arms mount directly to new or existing equipment to enhance safety and convenience.

Hoists

To easily lift and lower heavy loads, hook them to a hoist from Koss

- Electric chain, electric wire, air-powered, or manual styles

Jib Cranes

Trolleys

For overhead track conveying, our custom-built hoist trolleys are made to ride on top of square tube or inside c-channel tracking. Trolley systems also available.

- Available in 600 lb and 4,000 lb. capacities
